With reference to para 2 of G.O.No.365 P.W., dated 11th February 1941, and Chief Engineer's Memo No.1011-E/41, dated 25th February 1941, the Superintending Engineer, Bezwada Circle has submitted the following revised proposals for the staff required for the execution of the Plassey Barracks works (as detailed in Government Memo Nos. 1215-C-6 Home dated 23rd February 1941 and 2765-C-4 Home dated 23rd February 1941) as and from 4th March 1941 Forenoon:-

(M)

(a) One Sub-Divisional Officer
Three Supervisors
Two Lower Division Clerks for Sub-Division
One Lower Division (Accounts) Clerk for Division Office.
One Draftsman
One Tracer.
Five peons.

} For a period of six months from 4th March 1941 Forenoon.

(b) Two Supervisors and Two peons.	For a period of two months from date of employment (i.e. from or after 4th March 1941 Forenoon)
(c) One Supervisor and One peon.	For a period of five months from date of employment (i.e. from or after 4th March 1941 Forenoon)

2. The Superintending Engineer has reported that the additional Supervisors posted for the work with reference to the sanction accorded in G.O.No.365 P.W., dated 11th February 1941 have not all joined duty by 4th March 1941 and that as such, the period of sanction to the employment of the Supervisors now applied for, has had to be slightly varied * (from the proposals previously submitted to Government with the Chief Engineer's letter No.701-E/41-1, dated 6th February 1941) to make up for the time lost thereby. The Superintending Engineer has also mentioned that the staff will be disbanded if and when the works are completed earlier. I recommend the Superintending Engineer's proposals. Orders of Government may kindly be issued (in modification of G.O.No.571 P.W., dated 7th March 1941) sanctioning the employment of the staff as detailed in para 1 above.

* so as to take effect from the date of their joining after 4th March 1941, as the case may be.
